

## REMARKS

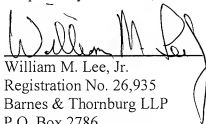

In the Decision dated June 17, 2009, the Board of Appeals and Interferences affirmed the Examiner in part and reversed the Examiner in part. In particular, the Board reversed the Examiner regarding the subject matter of dependent claims 42 and 58.

Accordingly, the claims have been amended above to accept that subject matter. Claim 35 has been amended to include the subject matter of claim 42, with claim 42 and conflicting claim 43 having been cancelled. The remaining claims dependent on claim 35 remain. Similarly, independent claim 51 has been amended to include the subject matter of claim 58, and claim 58 has been cancelled, with the remaining dependent claims depending on claim 51, as amended. Finally, rejected claims 60-65 have been cancelled.

It is believed that the application is now in condition for allowance, and further and favorable reconsideration of the application is therefore urged.
